|--------------------------------|----------------------|------------|
| Article                        | 136.241              |            |
| Voltage                        | 230 V                |            |
| Frequency                      | 50/60 Hz             |            |
| Power                          | 1700 W               |            |
| Temperature                    | 20-600 °C            | 68-1112 °F |
| Temperature setting stepless   | Yes                  |            |
| Stepless air volume adjustment | No                   |            |
| Static pressure                | 5000 Pa              | 0.72 psi   |
| Eco-Mode                       | No                   |            |
| Display                        | No                   |            |
| e-Drive                        | No                   |            |
| Outdoor use                    | Yes                  |            |
| Nozzle connection ø            | 31.5 mm / 1.25 in    |            |
| Length                         | 256 mm               | 10.07 in   |
| Device diameter                | 57 mm                | 2.24 in    |
| Handle diameter                | 40 mm                | 1.57 in    |
| Power cable length             | 3 m                  | 9.84 ft    |
| Air hose length                | 1.5 m                | 4.92 ft    |
| Plug                           | CN, 2 poles, 10A     |            |
| Noise emission level           | 67 dB (A)            |            |
| Approvals                      | CB Certification; CE |            |
| Protection class               | II                   |            |
| Country of origin              | Switzerland          |            |
