Declaration Packaging and Packaging Waste Regulation PPWR, (EU) 2025/40

Dear Sir or Madam,

We hereby confirm that the packaging we supply for our products, which is placed on the market by our packaging suppliers within the meaning of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), complies with the applicable requirements of the PPWR.

We monitor our packaging suppliers to ensure that the packaging we supply complies, in particular, with the following obligations:

- Compliance with the requirements for recyclability under the PPWR (Design for Recycling),
- Preparation and maintenance of the necessary EU declarations of conformity,
- Preparation and maintenance of the technical documentation required under the PPWR,
- The suppliers are currently in the process of complying with the labeling requirements in accordance with Article 15 of the PPWR. For environmental reasons, we will continue to sell off the existing stock of material conform packaging in our warehouse, even if the label is not yet implemented.

This declaration applies to the packaging we supply. This confirmation is subject to future clarifications of the PPWR through delegated acts and implementing acts of the European Union.

Please do not hesitate to contact us if you have any further questions.

Best regards

Leister Technologies AG
